

Lifetime Value That Goes Beyond Purchase Price

Built to Endure

- **Lasting Quality:** Our meticulous fabrication process ensures each product maintains structural integrity and superior durability.
- **Dual Reinforcement:** Interior and exterior frame corners are both nailed and glued for added strength and stability.
- **Interior Seal:** A waterproof interior barrier protects framed artwork by blocking debris and cleaning fluids.
- **Structural Support:** Canvas art is mounted to a rigid backer board, preventing sagging and resisting punctures.
- **Damage Resistant:** Eco-friendly UV-cured inks offer superior resistance to fading, scratches, and cleaning damage, ensuring long-lasting beauty.
- **Trusted Professionals:** Our nationwide network of experienced installers ensures precise positioning and polished, professional results.
- **Secure and Reliable:** Locking safety hardware securely mounts artwork, preventing accidental shifts or unauthorized removal.

Total Cost of Ownership (TCO)

- **Comprehensive Coverage:** We stand by our products and offer support for repairs or replacements regardless of product age.
- **Classic and Timeless:** Designs that stay fresh regardless of changing trends.
- **Reduced Replacement Costs:** Durable products last longer, lowering long-term costs by reducing the need for replacements.
- **Easy to Maintain:** Artwork can be safely cleaned without compromising quality.
- **Fee-Free Disposal:** Recycle by donating artwork or safely dispose of it at no additional cost.

Our Commitment

At ARCH Design, we take pride in fabricating long-lasting products that minimize waste and conserve resources. Clients who invest in our solutions actively support our sustainability efforts by choosing products with a lower environmental impact. Together with our energy-efficient operations and commitment to recycling, we're building a more sustainable future.
